

10 Bowls of the SBC project

Swiss Bowls of Cross and Swiss Beggars' Ceramics

La Suisse ressemble à une banque nous dit l'artiste chinois Xu Hongbo, qui estime que trouver de l'argent en Suisse est aussi simple que de trouver de la porcelaine en Chine.

Xu Hongbo fabriquera 10 bols pour 10 démunis helvétiques, en espérant que ceux-ci les aideront à recevoir un peu plus d'argent des passants.

“throwing, throwing and throwing”

Tourner, insérer, rejeter : je tourne (throwing) toute la série des bols SBC sur un tour de potier. Dans ces bols dont l'ouverture est en forme de croix, il est possible d'insérer (to throw in) de la monnaie.

Les bols sont ensuite donnés à des mendiants qui, peut-on penser, sont rejetés comme des déchets (throw away) par la société.
